TERROIR

2.800 hectares at 700 meters altitude located in Cariñena Designation of Origin. Hilly terrain at base of the Iberian Mountains. Soils composed of schist, chalk, loams and red clays.

TASTING NOTES

On the warm summer evenings before harvesting, the wild boar (jabalí) secretly comes into our vineyards located next to the forests of the Iberian mountains. Here amongst the old vines cultivated in slate soils it is free to choose the best grapes. Garnacha & Syrah are especially popular thanks to the hint of berries (particularly raspberries and dark cherries) with a smooth, juicy and truly attractive style.

PAIRING

Perfect pairing to appetizers and red meats. Serve between 60-66 degrees.

VINIFICATION

Alcoholic fermentation in stainless steel tanks. After descube and subsequent malolactic fermentation, the coupage is made. Prior to bottling, the wine is stabilized and filtered leaving it in optimal condition.
